See side 2 of this report for specific information on your child's performance in reading and writing.

How Did FIRSTNAME Perform Overall?

Performance Level 2:
Partially Met Expectations

- Level 5** Exceeded Expectations
- Level 4** Met Expectations
- Level 3** Approached Expectations
- Level 2** Partially Met Expectations
- Level 1** Did Not Yet Meet Expectations

Your child's score
701

How Students in DoDEA Performed

How Did Your Child Perform in Reading and Writing?

READING

↓ LITERARY TEXT

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by showing they can read and analyze fiction, drama, and poetry.

↔ INFORMATIONAL TEXT

Your child performed about the same as students who **approached expectations**. Students meet expectations by showing they can read and analyze nonfiction, history, science, and the arts.

↑ VOCABULARY

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by showing they can use context to determine what words and phrases mean.

WRITING

↓ WRITTEN EXPRESSION

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by showing they can compose well-developed writing, using details from what they have read.

↑ KNOWLEDGE AND USE OF LANGUAGE CONVENTIONS

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by showing they can compose writing using rules of standard English.

LEGEND

Your child performed about the same as students who:

- Met or Exceeded Expectations
 Approached Expectations
 Did Not Yet Meet or Partially Met Expectations

What are the CCRS Summative Assessments? The tests measure how well students have learned grade-level material in English language arts/literacy and mathematics. Students who meet or exceed expectations are on track for the next grade or course and, ultimately, for college and careers. The tests include questions that measure your child's fundamental skills and knowledge, and require students to think critically, solve problems, and support or explain their answers. The test is one of several ways to help parents and teachers understand how well children are learning.

How are assessment results used? Results from the test give your child's teacher, school, and school district information about his/her academic performance, and provide you with some insight on how your child is meeting DODEA's expectations. These results never stand alone, but should be used with other tests and class work when determining overall student performance.

You can learn more about DODEA's College and Career Ready Standards at <https://www.dodea.edu/collegeCareerReady/ccr-standards.cfm>. For information on how to help your child, and access to CCRS Summative Assessment resources, visit <https://www.dodea.edu/assessments/resources/CCRS.cfm>.

How Students in DoDEA Performed

How Did Your Child Perform in Areas of Mathematics?

MAJOR CONTENT

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving problems involving multiplication and division, area, measurement, and basic fraction understanding.

EXPRESSING MATHEMATICAL REASONING

Your child performed about the same as students who **approached expectations**. Students meet expectations by creating and justifying logical mathematical solutions and analyzing and correcting the reasoning of others.

ADDITIONAL & SUPPORTING CONTENT

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by solving problems involving perimeter, place value, geometric shapes, and representations of data.

MODELING & APPLICATION

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving real-world problems, representing and solving problems with symbols, reasoning quantitatively, and strategically using appropriate tools.

How Students in DoDEA Performed

How Did Your Child Perform in Areas of Mathematics?

MAJOR CONTENT

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving problems involving arithmetic operations on polynomials, linear, quadratic, and exponential equations, an understanding of functions, and interpreting algebraic expressions, functions, and linear models.

EXPRESSING MATHEMATICAL REASONING

Your child performed about the same as students who **approached expectations**. Students meet expectations by creating and justifying logical mathematical solutions and analyzing and correcting the reasoning of others.

ADDITIONAL & SUPPORTING CONTENT

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by solving problems involving properties of rational and irrational numbers, writing algebraic expressions in equivalent forms, systems of equations, interpreting data, and linear, quadratic, and exponential models.

MODELING & APPLICATION

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving real-world problems, representing and solving problems with symbols, reasoning quantitatively, and strategically using appropriate tools.

How Students in DoDEA Performed

How Did Your Child Perform in Areas of Mathematics?

MAJOR CONTENT

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving problems involving rational exponents, writing and interpreting algebraic expressions, rational and radical equations, graphs of functions, creating linear, quadratic, and exponential functions, and making inferences and justifying conclusions from data.

EXPRESSING MATHEMATICAL REASONING

Your child performed about the same as students who **approached expectations**. Students meet expectations by creating and justifying logical mathematical solutions and analyzing and correcting the reasoning of others.

ADDITIONAL & SUPPORTING CONTENT

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by solving problems involving the complex number system, rational expressions and functions, systems of equations, trigonometric functions, interpreting data, and probability.

MODELING & APPLICATION

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving real-world problems, representing and solving problems with symbols, reasoning quantitatively, and strategically using appropriate tools.

LEGEND

Your child performed about the same as students who:

Met or Exceeded Expectations

Approached Expectations

Did Not Yet Meet or Partially Met Expectations

What are the CCRS Summative Assessments? The tests measure how well students have learned grade-level material in English language arts/literacy and mathematics. Students who meet or exceed expectations are on track for the next grade or course and, ultimately, for college and careers. The tests include questions that measure your child's fundamental skills and knowledge, and require students to think critically, solve problems, and support or explain their answers. The test is one of several ways to help parents and teachers understand how well children are learning.

How are assessment results used? Results from the test give your child's teacher, school, and school district information about his/her academic performance, and provide you with some insight on how your child is meeting DODEA's expectations. These results never stand alone, but should be used with other tests and class work when determining overall student performance.

You can learn more about DODEA's College and Career Ready Standards at <https://www.dodea.edu/collegeCareerReady/ccr-standards.cfm>. For information on how to help your child, and access to CCRS Summative Assessment resources, visit <https://www.dodea.edu/assessments/resources/CCRS.cfm>.

Mathematics Assessment Report, 2018–2019

This report shows whether FIRSTNAME met course-level expectations and is on track to be college and career ready. **This assessment is just one measure of how well your child is performing academically.**

For information on how to help your child, and access to CCRS Summative Assessment resources, visit <https://www.dodea.edu/assessments/resources/CCRS.cfm>.

How Can You Use This Report?

For resources and opportunities for the summer please visit our Summer Learning page at:

<https://www.dodea.edu/summerLearning/>

See side 2 of this report for specific information on your child's performance in mathematics.

How Did FIRSTNAME Perform Overall?

Performance Level 2:
Partially Met Expectations

- Level 5** Exceeded Expectations
- Level 4** Met Expectations
- Level 3** Approached Expectations
- Level 2** Partially Met Expectations
- Level 1** Did Not Yet Meet Expectations

How Students in DoDEA Performed

How Did Your Child Perform in Areas of Mathematics?

MAJOR CONTENT

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving problems involving geometric proofs, transformations on shapes, right triangles, trigonometry, coordinate geometry, and applications of geometric concepts.

EXPRESSING MATHEMATICAL REASONING

Your child performed about the same as students who **approached expectations**. Students meet expectations by creating and justifying logical mathematical solutions and analyzing and correcting the reasoning of others.

ADDITIONAL & SUPPORTING CONTENT

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by solving problems involving transforming shapes on a coordinate plane, geometric constructions, circles, and volume.

MODELING & APPLICATION

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving real-world problems, representing and solving problems with symbols, reasoning quantitatively, and strategically using appropriate tools.
