4. How long have you known the applicant and under what circumstances have you become familiar with the applicant's academic abilities?

Text Response

Five months. We met in August 2017 when she matriculated into the Georgetown math/stat graduate program. I served as her instructor in Math 502 Deterministic Math Models and also as her first year adviser.

5. Please assess the applicant's ability to contribute to the Data Science for the Public Good Fellowship Program.

Text Response

Linh is ready to start using her abilities in the quest to understand the world through data sciences. She had total command of her courses last fall and is doing well this semester too. She has excellent skills in applied mathematical and statistical modeling, computation and analysis. Linh is serious but friendly, easy to talk to, very smart and a tireless worker. I am attaching a recommendation separately.
