#### 4. How long have you known the applicant and under what circumstances have you become familiar with the applicant's academic abilities?

##### Text Response

Five Months. We met when she entered the Georgetown University math/stat graduate program in August 2017. She was in my Math 502 Deterministic Math Models and I'm also serving as her first year adviser.

#### 5. Please assess the applicant's ability to contribute to the Data Science for the Public Good Fellowship Program.

##### Text Response

Troyana is cruising through the graduate program with no problems. She is bright, personable and hard working. Along with her student cohort she already has good skills in applied and computational mathematics and statistics, plus solid coding skills (R, SAS, Python, Matlab and SQL). She has made all A grades so far. Our program features deep training in data sciences.

#### 6. How would you describe the applicant's motivation and initiative in pursuing his/her academic and career goals?

##### Text Response

Troyana is a determined young woman who wants to hop into the workforce and help us understand the world through data sciences. She is calm and patient, and even fun and light-hearted, but a fire burns underneath.
