Dear Sir/Madam,

Upon review of your posting for Data Scientist, I am interested to submit my resume for your consideration. As a skilled graduate student at University of Virginia, I am confident that I would contribute to the objectives of your company.

I write in response to your application. As a highly competitive professional, I would bring a service-focused and hard-working attitude to this role.

I enjoy being challenged and engaging with projects that require me to work outside my comfort and Knowledge set, as continuing to learn new languages and development techniques are important to me and the success of your organization. I am a self-starter and excel at managing tasks in a fast-paced environment, delivering exceptional service.

Your listed requirements closely match my background and skills. A few I would like to highlight that would enable me to contribute to your bottom-line are,

• Highly skilled in statistics, data analysis, Programming.

• Knowledge of Development best practices.

• Hands - on software troubleshooting, debugging experience.

• Proven track record of proper documentation for future maintenance and upgrade.

My resume is attached. Please feel free to contact me at your convenience so we can discuss the position and your need in detail. The best way to reach me is through phone at (703)795-4245, or by email at kishorekarthickgs23@gmail.com Thank you for your time and consideration.

Sincerely,
