maps break ☹

→ option to save data run into user account/ cookie ?

Chicago/ Socrata

San Fran

Can't search by stuff inside data set → we want search options for btw data sets ⌢

↓ search by metadata ?

↓ search ☺ by category

↳ search is kinda glitchy/confusing ⌣

Organization → Store graphics & data separately ⌢
↳ integrate visuals in the info (or other) tab ?

↳ Homepage

↓
Alphabet org for opening cat ?

Need general overview for data (sources, def., ect) for each set ☹ ?

↳ redundancy in storing data/visuals both in folders & independently (ex transportation) ☹

↳ Cleaning up files ?

Homepage → Better use of space (no need for Google maps) ☹
↳ go directly to cat ?

↓
Hidden in the interwebs ☹

↓ Smaller buttons to make it all visual ?

Find way for more visibility (linking) ?

no labels ☹

not informative

separate data wisely ?

include data / link to data ?

Final product looks good ☺

confusing → more options icons for icons (i.e. maps) ?
