**5. Please assess the applicant's ability to contribute to the Data Science for the Public Good Fellowship Program.**

**Text Response**

Devika has a keen interest in multiple fields, and has a particular talent for data analytics and its application for public service. Devika's character is equally valuable to her intellectual curiosity. She has a pleasant and positive demeanor and is always open to helping other students who may face difficulty understanding the material. Devika knows how to take initiative when working on a project with others, but does not try to control all aspects of the project and values others' opinions. This has helped her in producing quality group work while building strong relationships with her peers. Devika is not only open to feedback, but encourages it in order to not let an issue occur again, a great strength that will help her beyond her educational career.

**6. How would you describe the applicant's motivation and initiative in pursuing his/her academic and career goals?**

**Text Response**

Devika's passion to excel has led her to receive excellent grades in all of my classes. She consistently received high marks on her assignments and exams. Furthermore, Devika visited my office frequently in order to discuss class material. This exemplified her dedication to learning the material by having an actual interest in the subject. Devika has my highest recommendation in making her your newest addition to the Data Science for Public Good program. Devika 's endless curiosity, combined with her commitment and willingness to seek information, leads me to believe there will be no limit to her future capabilities. Please don't hesitate to contact me if you have any questions.
